

## Composite Recycled Plastic Boarding Tongue & Groove

Our recycled T&G profile is a maintenance free and eco-friendly alternative to wooden boarding. Our boards are produced by high temperature pressing from recycled plastics that would otherwise end up in a landfill. The boards are coloured consistently throughout the whole board and this allows them to be machined and cut to suit your application. The product is completely weather and humidity resistant and they do not decay or degrade in any weather condition. Common uses are in stables, doors, gates and fencing.

Product Code	Colour	Length	Thickness	Board Width (cover)
TB-CP-BR-915	Dark Brown	915mm	32mm	132mm
TB-CP-BR-1200	Dark Brown	1200mm	32mm	132mm
TB-CP-BR-1500	Dark Brown	1500mm	32mm	132mm
TB-CP-BL-915	Black	915mm	32mm	132mm
TB-CP-BL-1200	Black	1200mm	32mm	132mm
TB-CP-BL-1500	Black	1500mm	32mm	132mm
TB-CP-GR-915	Grey	915mm	32mm	132mm
TB-CP-GR-1200	Grey	1200mm	32mm	132mm
TB-CP-GR-1500	Grey	1500mm	32mm	132mm
